Important Notes

- Typically, students with more than 75 semester credit hours will not be allowed to change majors into the Department of Animal Science.
- Students who are seriously interested in ANSC and may not meet all requirements are encouraged to inquire accordingly.
 - You are applying to a specific option. You may **not** change options after you are admitted.
- Walk-in advising hours for change of major students are held every Tuesday 9-11am and 1:30-4pm.
