

# Your Poster Title Here (72 to 96 pt font)

Your name here, Degree Name, Texas A&M University  
International Experience Program Name Here

## International Program Description (section headings 40-48 pt font)

Provide a general description where you did your international experience and the relationship to the BESC program.

Text here and throughout the poster should be 20-30 pt. Keep in mind that readers will be viewing this poster from a distance.

Use pictures and figures as appropriate here and throughout the poster. With posters conveying information without text makes for a better experience for you the presenter and your audience at the symposium. It is excellent to include pictures (with descriptive legends) that show you doing aspects of your role in the internship.

## Internship Objectives

Insert your own text here. Use pictures and figures as appropriate.

## Description of Experience

Insert your text here. Use pictures and figures as appropriate.

## Relationship to Career Goals

Your text goes here. Use pictures and figures as appropriate.

## References

Your references go here. Give full citation for journal articles or other resource you utilized in assembling this poster.

## Acknowledgements

This is where you thank anyone who helped you conduct your international experience who is not listed as an author at the top of the poster. This might be someone who provided technical help or who advised or mentored you. It is also important to thank the source of your funding. Thanking people of a personal nature (e.g. your spouse or parents is not appropriate on a poster). { Please be sure to include the following sentence verbatim at the end of your acknowledgements}

**Sponsors for high impact experiences for BESC and the BESC poster symposium include the Department of Plant Pathology and Microbiology, the College of Agriculture and Life Sciences, the Office of the Provost and Executive Vice President for Academic Affairs.**
