major, are
welcome!

Williams[®]

Environmental Career Panel

November 3rd, 2015

7pm- Career Center Lobby

209 Koldus

Learn about a variety of environmental careers from professionals working in consulting firms, oil and gas industry, railroad, and sustainability. Panelists will speak about their current positions and career paths, and will share advice with students wanting to work in the environmental field. Panelists represent EORM (environmental consulting firm), Mounce & Associates (environmental chemistry firm), Williams Pipeline, BNSF Railway, TAMU Office of Sustainability, and TAMU BESC Graduate Program. Come prepared to ask questions.

Free pizza and drinks!

Brought to you by the TAMU Student Chapter of the National Association of Environmental Professionals
